

# CALL FOR PARTNERS

Erasmus+ programme, KA1

# INTRODUCTION

The *Conference on the Future of Europe*, that happened on 15 January 2020, highlighted important issues regarding citizens participation as: „People of all backgrounds, civil society representatives and stakeholders at European, national, regional and local level must be involved in setting the EU’s priorities in line with citizens’ concerns in a bottom-up, transparent, inclusive, participatory and well-balanced approach.”

# INTRODUCTION

Starting from the basic idea of the conference, our project want to contribute in the achivement of these objectives and to focus on youth civic engajament in shaping the future of society we live in and the future of the European Union.

In order to succeed in this endeavor we propose the following project idea:

The background features abstract, flowing waves in shades of red, orange, and yellow, creating a sense of movement and energy. The waves are layered and semi-transparent, giving a dynamic and modern feel to the design.
